

The aim of the National Public Procurement strategy, concept

5 November 2013

An EU funded project managed by
the European Union Office in
Kosovo and implemented by

PLANET

National Public Procurement Strategy

sets a road map

for the elements of improvement in general in the field of
public procurement,

and how these elements can meet the target groups' needs.

An EU funded project managed by
the European Union Office in
Kosovo and implemented by

PLANET

Overall objectives of the NPPS

- further **improvements** in the integrated public procurement system in Kosovo
- Increased **efficiency** of the public procurement system;
- **Reduction of irregularities** in the public procurement system;
- Further harmonization with **EU directives** and other EU acts;
- Encouraging **sustainable economic growth** of Kosovo and improvement of the living standard.

An EU funded project managed by the European Union Office in Kosovo and implemented by

PLANET

- Full respect of **competition**,
- **Efficiency and transparency** in the evolution of both rule-making and rule-application
- A **positive attitude** towards procurement methods
- **Guidance** to contracting authorities and
- **protecting** economic operators in their fundamental **rights**

An EU funded project managed by the European Union Office in Kosovo and implemented by

PLANET

Time-frame of the National Public Procurement Strategy:

- 5 years (2014 – 2018)

Structure:

- Define the Overall objectives
- Define the Specific Objectives / Purpose
- Define the Results
- Define the Activities
- + Implementation plan

An EU funded project managed by the European Union Office in Kosovo and implemented by

PLANET

Procedure

- Consultation with contracting authorities and economic operators
- Find the gaps in the system
- Establish consensus concerning the areas to improve
- Areas:
 - Regulation
 - Organisation aspects, including HR development (training strategy)
 - Implementation
 - Monitoring

An EU funded project managed by the European Union Office in Kosovo and implemented by

PLANET

- Establish a **common platform** for expressing even diverging views and learning to understand the viewpoint of the counterpart.
- Facilitate this **dialogue** and provide for the synthesis and syndication of opinions to actionable proposals that will keep the public procurement system active, competitive and transparent so that **new ideas** and **practices** may find ways to become established based on their value as measures in their ability to **advance practical solutions** to existing and upcoming issues

An EU funded project managed by the European Union Office in Kosovo and implemented by

PLANET

- Produce **answers** and **advance choices** on all relevant issues mentioned by the stakeholders.
- Issues: see the results of the survey

An EU funded project managed by the European Union Office in Kosovo and implemented by

PLANET

- Translate strategy into a **consistent action plan**
- to detail the strategy and related action plan for the various stakeholders, i.e. in principle contracting authorities (and regulatory bodies) and economic operators providing products and services to the public authorities
- to phase them in time by identifying long-, medium- and short-term actions that will enable the sound development of the public procurement system and at the same time preserve its stability, transparency and competition.
